Service &
Maintenance

Preventative Maintenance Assurance for your doors

In order to maintain the high level of operational efficiency and safety provided by our doors they will need regular servicing throughout their life.

Our maintenance plans are designed to keep your doors working as cost effectively as possible.

Each service is planned in advance and at the convenience of our customers. If required we can carry out servicing outside of business hours to minimise disruption to your business.

Key Benefits

- Avoid inconvenient and costly emergency call outs
- Ensure continuous operation
- Minimise interruption to your business
- Efficient, safe & reliable access
- Compliance with health & safety regulations
- Extend the life of your doors.

What our customers say...

I have been using the DorteK installation / service team for years now and have found the guys to be very good. Our day to day business is dealing with the public so it's vital to us that all our doors are working in a safe and reliable manner. With DorteK regularly servicing our doors I'm confident that this is always the case. If there ever is a problem, we can rely on DorteK for a quick response.
